

Mir Zuhair

Textile & Communication Designer · Visual Researcher

Hyderabad, Sindh, Pakistan · zohairtalpur13@gmail.com · mirzuhair.com

PROFILE

Designer and visual researcher working where heritage, textile systems and communication design meet. I translate 19th-century Sindhi architecture into contemporary print, jacquard and digital systems, turning cultural memory into work that can be worn, read and shared.

EDUCATION

BFA Textile Design

2025

Shaheed Allah Buksh Soomro University of Art, Design and Heritage, Jamshoro

Thesis: Threads of Time: A Fusion Between Past and Future. Architectural ornament from the Mir Hassan Ali Palace (1843) translated into digital prints on silk and a brass-sheet corset made in collaboration with sculpture.

EXPERIENCE

Freelance Designer & Visual Researcher

2024 – present

Original textile patterns, digital print compositions and concept-led design projects for clients. Specialising in heritage-informed visual systems and complex seamless repeats in Photoshop and Illustrator.

SELECTED PROJECTS

Threads of Time

2024 – 2025

BFA thesis · textile, sculpture, installation

Seven compositions drawn from one palace (ceilings, doorways, lanterns, portraits, furniture), developed from photograph to line drawing, repeat, colourway and production file. Realised as a silk cape and corridor-print skirt with a brass corset, and shown as an installation.

Heritage Loop

Digital platform concept · UX / service design

A platform linking fashion transparency with cultural heritage: user personas, core screens (Home Feed, Digital Twin, Sustainability) and the 'Earthy Regal' design system.

Greek Architecture & Ornament

Digital print collection

Three prints (Colonnade, Greek Key, Hummingbird) applying the same method to classical ornament, with process boards and editorial mockups.

RESEARCH FOCUS

- Talpur dynasty and 19th-century Sindhi architectural heritage
- Translating historical narrative into contemporary design
- Jacquard weaving and digital textile systems
- Sustainable and circular material systems
- Visual communication of cultural memory

SKILLS

Software

Adobe Photoshop, Illustrator, InDesign, After Effects, Figma, Procreate

Textile & material

Pattern and repeat development, colourway systems, digital print, screen printing, jacquard, material research

Design

Visual identity, editorial design, art direction, UI / UX concept, concept-led storytelling, visual research, pattern mapping
